Why: Click or tap here to enter text.

British Rafting are excited to host a Euro Cup race on the river Tryweryn in stunning Snowdonia, North Wales. The first 3 races will be held on parts of the Upper section which hosts 2km of G3-4 rapids, with the downriver running along the lower section with 6km of G2-3 culminating in a grade 4 rapid just before the finish.

This stretch of river is one of the best the UK has to offer for Raft Racing, with plenty of options for additional training on either side of the race (subject to river levels).
