

Dear rafters,

I know that all are disappointed that EuroChamp in Bosnia and Hercegovina was canceled due to flood and everyone try to find new date for the big event. But remember the time is going on and we have dead line for registration to R4 European Chmpionship in Slovakia.

In attachment you can find the infos and reg form and reverz.

Please take a look and send me the feedback.

You can use email address: rafting@stonline.sk for sending registration.

If you know anybody which dont get this email please forward them.

Thanks,

Have a nice day.
